

NOTICE: Red Leaf Pulp to Host Producer Meetings

Red Leaf Pulp Ltd. will be hosting the following meetings for producers:

- **Monday, October 4, 730pm:** Bethune – 524 East St., K+S Potash Canada Bethune Community Hall
- **Tuesday, October 5, 730pm:** Milestone – 125 Main St., Milestone Masonic Hall
- **Wednesday, October 6, 730pm:** Indian Head – 401 Dewdney St., Indian Head Elks Hall
- **Thursday, October 7, 730pm:** Pense – 300 Brunswick St., Pense Town Hall

Red Leaf Pulp is currently developing a wheat and durum straw pulp facility that is anticipated to begin operations in late 2023. The purpose of these meetings is to secure straw supply for the plant through non-binding Letters of Intent (LOI's). Red Leaf requires 300,000 air dry metric tonnes (ADMT) of wheat/durum straw per year to support its operations. Producers in the region are encouraged to attend any of the above meetings to gain insight, ask questions, and sign LOI's early as to not miss out on this unique opportunity.

Please RSVP to jhinz@redleafpulp.com and indicate which session you plan on attending. Please note that masks will be mandatory during these sessions.

We hope to see you there!

Sincerely,

The Red Leaf Pulp Development Team
